The application has been amended as follows: claim 7 has been rewritten in independent form as new claim 9 i.e. without claims 2-6 as they are non-intervening. It is assumed that applicant would prefer this broader coverage. Claims 2-6 are added as dependent claims 10-14.

said bottom surface to allow easy one handed insertion and extraction of said bed pan apparatus and handling during cleanup or disposal.

10. A bedpan apparatus as defined in claim 9 wherein said bedpan apparatus is molded from an engineering thermoplastic that can survive numerous sterilizations.
